World-Building book by Stephen L. Gillett

With Stephen Gillett's help, you'll be on solid ground, no matter what kinds of worlds you create for your science fiction. World-Building explains science to help you make your fiction plausible. You'll give your worlds the pull of gravity, aware of the effects on inhabitants and the planets themselves. Mix elements and build planets with chemically credible, geologically accurate characteristics - and anomalies - that affect those who live there.
